FULFILLING U OF M LIBERAL EDUCATION REQUIREMENTS

All University of Minnesota Twin Cities degrees require the completion of specific Liberal Education requirements, which can be completed at most community colleges and universities for transfer to the U of M. Minnesota state community colleges also offer the Minnesota Transfer Curriculum (MNTC). If completed and certified on the transcript sent to the U of M for admission, MNTC will be used to meet the core, theme, and first-year writing portion of the University's Liberal Education requirements (you may still need to complete the writing intensive portion of the writing skills requirement). Please note that completing all Liberal Education requirements or the MNTC will not necessarily accelerate your time in a College of Design program, and is not required before applying to transfer to the College of Design.

DEADLINES & SEMESTERS OF ADMISSION

The below table lists upcoming priority and final application deadlines for admission to all College of Design undergraduate programs: Apparel Design, Architecture, Product Design, Landscape Architecture, Graphic Design, Interior Design, and Retail Merchandising.

Please note that most College of Design majors require a set sequence of (usually studio) courses that are only offered at the U of M. Thus, you should apply to transfer to a College of Design major as soon as possible so you can begin enrolling in those sequenced major courses. Consult with a College of Design transfer adviser for more information.

Additionally, while we do admit students to all majors for both fall and spring semesters, we highly encourage students interested in Apparel Design, Interior Design, Landscape Architecture, Product Design or Architecture to apply for a fall semester. These majors include a specific sequencing of courses, which only begin in the fall; therefore, if a student is admitted to an Apparel Design, Interior Design, Landscape Architecture, Product Design or Architecture major in spring, their course sequencing would not begin until the following fall semester.

| Spring 2022 Deadline*** | Fall 2022 Deadlines*** | Spring 2023 Deadline*** |
|--|---|--|
| Priority: October 1, 2021 Final: December 1, 2021 | Priority: February 1, 2022 Final: June 1, 2022 | Priority: October 1, 2022 Final: December 1, 2022 |

*** Applications will only be accepted on a space available basis after the priority deadline.

* Please note that this document reflects academic major requirements as of the 2021-2022 academic year. Major requirements for future academic years are subject to change.

GENERAL ADMISSION REQUIREMENTS FOR ALL COLLEGE OF DESIGN DEGREES:

- Required minimum GPA of 2.00 and preferred minimum GPA of 2.80.
- ALL admission materials MUST be submitted (postmarked) by the relevant deadline or the application may not be reviewed for admission.
- All programs are competitive and space is limited. Admission is holistic and based on a number of factors, including overall academic record, fit for the curriculum, and grades in specific courses.
- Interior Design, Graphic Design, Product Design and Architecture require all students to enter as “Pre-Major” students to complete required prerequisite courses only offered at the University of Minnesota-Twin Cities.
- Studio sequences for Landscape Architecture, Pre-Architecture, Apparel Design, Pre-Product Design and Pre-Interior Design only begin in the fall. Spring applications will be considered, but students are encouraged to apply for fall instead.

MAJOR SPECIFIC TRANSFER INFORMATION:

Apparel Design

THE STUDIO COURSES IN THIS MAJOR ARE SEQUENCED OVER FOUR YEARS, REGARDLESS OF COURSES COMPLETED BEFORE ADMISSION TO THE U OF M (if all generals are completed, students would register for a reduced load of credits consisting of specific major courses). Application to an accelerated 3-year program is available after completion of ADES 2222, for students who have achieved a B+ or higher in major studio course requirements.

The following community college course meets requirements in the major, but does not have to be completed prior to admission. Additional courses available only at the U of M are also required for graduation.

| Inver Hills Community College | College of Design Program Requirement |
|-------------------------------|---------------------------------------|
| ENG 1108 | Writing Elective - Freshman Writing |

Architecture

THE COURSES IN THE ARCHITECTURE PROGRAMS ARE SEQUENCED OVER 3-4 YEARS, REGARDLESS OF COURSES COMPLETED BEFORE ADMISSION. (If all generals are completed, students register for a reduced load of credits consisting of specific major courses). With careful planning, students may be able to complete the BDA degree in three years (this would require admission to fall semester and the near completion of all Liberal Education requirements). Please note, however, a BS degree requires four years of sequenced studios. A professional degree is a requirement for becoming a licensed architect in Minnesota. Both undergraduate degrees offer a path to a professional degree. At the University of Minnesota-Twin Cities, qualified B.S. graduates enter the two-year Master of Architecture (M.Arch) degree program and qualified B.D.A. students enter the three-year M.Arch program.

NOTE: The prerequisite courses (Arch 1281, ARCH 1621W, and Arch 2281) for admission to a full architecture degree are ONLY offered on the U of M Twin Cities campus. Students who are admitted will begin in the pre-architecture program in the College of Design to complete these courses before applying to the architecture degree of their choice.

The following community college courses meet requirements in the degree, but do not have to be completed prior to admission. Additional courses available only at the U of M are also required for graduation.

| Inver Hills Community College | College of Design Program Requirement |
|-------------------------------|---|
| ENG 1108 | Writing Elective - Freshman Writing |
| MATH 1120 or 1133 | MATH 1142 or MATH 1271 (Required for B.S. Degree) |
| PHYS 1041 or 1081 | PHYS 1101 or 1301 (Required for B.S. Degree) |
